

## **OSRC FOUNDATION UPDATE**

Through the past few years OSRC has been very active in supporting students through annual scholarships. In 2005: Michael Antenucci, 2007: Tiffany Walsh, 2008: Theresa Dimel

We have been able to do this through generous grants from mainly two contributors to our foundation. The Family of Heidi Norris (Mr. and Mrs. David Frenzer) allowed us to establish our foundation with grants totaling \$1200.00 . Most recently the efforts of Joe Robinson, on behalf of his late father Charles, (some of you may have known him as Chuck Robinson or "Rob") has contributed over \$3000.00 to the foundation. Joe raises some of those funds through an annual Golfing outing (watch the OSRC website for next season for more information on future outings). All of the contributions, plus some funds provided by the OSRC, have been placed into the "Ohio Society for Respiratory Care Foundation Fund",

**c/o The Marietta Community Foundation(MCF)**

**PO Box 77**

**Marietta Oh 45750.**

However, anyone may contribute to the foundation and I encourage you do so. You do not have to give thousands or even hundreds, ANY contribution made will be appreciated and go directly to the scholarship fund. Not only are you helping us to continue our scholarship program, your contributions are tax deductible.

You may contribute directly to the fund by sending your check to the address above (please be sure to note that it is for the Ohio Society for Respiratory Care Foundation Fund) You may also direct your contribution to your District Representative, or directly to me. In any manor you contribute you will receive from the MCF, a personal thank you and receipt for tax purposes.

Please remember and consider a donation this year to the Ohio Society for Respiratory Care Foundation Fund. Thank you in advance for your support,

**Bob Fischer, BS,RRT Foundation Chairperson**

**c/o Washington State Community College**
